

TESTIMONIALS BY PREVIOUS PARTICIPANTS

During the events since 2009, many productive and lasting contacts have been established between researchers and entrepreneurs from North Rhine-Westphalia and other parts of Europe. That's why our participants are keen to meet in Düsseldorf each year as part of their proposal preparation for Horizon 2020.

Eva Haas

TETRAMAX Project Manager,
RWTH Aachen

“The event is the place to be for European researchers from academia and industry looking for partners. Our presentation led to considerable feedback, which we found both motivating and fruitful.”

Professor Günter Huhle

Founder, COREVAS GmbH & CO.KG

“In 2017, Corevas attended the event to seek a Horizon 2020 partner. We not only found one and made valuable contacts, we also developed and launched our product EmergencyEye in a record time of 18 months.”

For the tenth time, the conference invites researchers and entrepreneurs from North Rhine-Westphalia and regions in Europe and beyond to find new research and innovation (R&I) partners for Horizon 2020 projects. The series of events has been a great success with over 2,600 participants since 2009. In 2019, special partner regions are: Belgium, Finland, France, Israel, the Netherlands and Poland.
