

## 2010 Knowledge Transfer Scheme

**Chief Investigator:** Dr Brenda O'Neill, University of Ulster

**Co-investigators:** Dr Jenny Gingles (SEHSCT), Dr Joseph MacMahon (BHSCT) Dr Judy Bradley (UU & BHSCT)

**Title of research project:** Living Well with Chronic Obstructive Pulmonary Disease for pulmonary rehabilitation (LWWCOPD for PR): Implementation in Northern Ireland

**Abstract:** The overall objective of this project is to translate earlier research on the Living Well with Chronic Obstructive Pulmonary Disease for Pulmonary Rehabilitation (LLWCOPD for PR) package into practice in order to enhance services for patients with COPD.

The specific objectives of the project are:

- Creative development and production of the LWWCOPD for PR package;
- To launch the LWWCOPD for PR;
- To train health professionals involved in the management of patients with COPD to use this package;
- To ensure the long term access by having a link to a website which will host all the materials in the package.
