

****Hold the Date ****

**Launching the findings from the evaluation of
Cancer Focus NI's Dead Cool smoking prevention programme
Thursday, June 23rd 2016
10.00-12.30
Riddel Hall, Queen's University, Belfast**

The Centre for Evidence and Social Innovation (CESI), Cancer Focus NI and the Health and Social Care Research & Development Division, Public Health Agency, would like to invite you to this launch event.

This will be of interest to practitioners and policy makers who are involved in shaping children's health and education outcomes.

A series of presentations will outline the work of Cancer Focus NI and the evaluation findings of the Dead Cool Programme. We will also hear about teacher's and young people's experiences of taking part in the programme.

The **Centre for Evidence and Social Innovation (CESI)** is an applied research centre committed to ensuring that educational programmes and interventions are as effective as possible in helping to improve the lives of children and young people, especially those from disadvantaged backgrounds.
